

## CCKC KIWANIS ONE DAY PROJECT 10 APR 2010

CCKC Kiwanis One Day Project was conducted on Sat 10Apr2010 and consisted of delivering toys to kids, infants to 5 years old, undergoing medical procedures in the Pediatric Unit of Tallahassee Memorial Hospital. Following a couple of weeks of collecting toys by CCKC members, they were delivered to the unit by President Larry Chambers, Vice President Jim Ledbetter, Immediate Past President Fred Williams, and member of the Board of Directors, Judy Chambers. Photo at the left shows (L-R) Fred Williams, Jim Ledbetter, and Judy Chambers with some of the toys placed in the Play Room.

Some toys were selected for the toy chest. When kids are recovering from surgery or other procedure, they are asked to get out of bed and move around. Since they are often reluctant, the staff encourages them by telling them that if they can move down to the end of the hall to the toy box, they can select any toy they want and can keep it when they go home. Great motivation for the little guys. The toy box is seen at the left with (L-R) Jim Ledbetter, Fred Williams, Judy and Larry Chambers.

Tallahassee Memorial Foundation Annual Fund Officer, Judi Taber, received the toys and estimated their value at about \$350. CCKC also provided \$285 in checks, \$200 of which was provided by our Ruediger Kiwanis Kids from their annual Penny Harvest. Photo at left shows Judi Taber, Judy and Larry Chambers at the toy box.
